- Upload video to phone
- Tap on the side to play music
- Swipe forward to increase the volume
- Swipe backwards to decrease the volume

The following would need internet connection to continue:

- Double tap to skip to the next song
- Tap on the side to stop music

Voice Commands

- Power On
- Pairing device

Ask for Information:

- "Hey Meta, what's the weather today?" (Requires internet)
- "Hey Meta, what time is it?"
- "Hey Meta, what's the battery percentage?"

Music (on Spotify):

Note that Meta is not able to go back for podcast.

Also did not ask Meta to stop music since music was not started in the first place.

- "Hey Meta, play music." (Requires internet)
- "Hey Meta, increase the volume." (No response)

- "Hey Meta, lower the volume." (No response)

Media:

- "Hey Meta, take a photo."
- "Hey Meta, take a video."
- "Hey Meta, stop recording."

Then on the phone uploaded the picture and recordings.

Messaging (on WhatsApp):

- "Hey Meta, send a message to [name]." (Name used was Max Smith)
- "Hey Meta, read my messages." (There was none)

Alarm and reminders:

- "Hey Meta, set a timer for 15 seconds." (Has to be at least 10 seconds)

Technically possible but not done:

Social Media Integration:

- "Hey Meta, post a status on Facebook."
- "Hey Meta, share my photo on Instagram."
